Jot Desking Price and specification list

How to specify

Jot desking is a range of bench style desking with 9 leg shapes:- **Standard Jot** 100mm square, 80 x 50mm rectangular, Alloy J leg, Alloy height adjustable J Leg, **Jot Goalpost Legs**, 80mm Diameter, 70mm x 70mm Square, A Frame Fixed Height and A Frame Height Adjustable .

Jot desking is supplied as either a bench set or extension set, this enables most configurations to be ordered on just 3 lines, one for the bench, one for the extensions and one for the tops. This will dramatically reduce the need for specials.

A bench is supplied as either a single or back to back and only one is required for all configurations.

One extension will convert a single bench to a 2 person and a back to back from 2 person to 4 person.

Each additional extension will add either 1 person for a single or 2 person for a back to back.

Extensions are available with rectangular or curved cable towers or 2 intermediate legs supporting the bench rail, this will be indicated on the code .

Typically a 4 person side to side bench would consist of 1 single bench, 3 single extensions and 4 top panels. All parts required will come as part of the relevant packs

A 10 person back to back bench would consist of 1 back to back bench, 4 back to back extensions and 10 top panels.

Back to back benches and extensions include slide rails, singles do not because there are 2 types available. If slide rails are required select model and order separately

Examples are shown on page 2

Metal Colours

JOS Jot Silver RAL9006
JWS Jot White RAL9016
JBS Jot Black RAL9011
These are the only colours available in the goalpost leg range
