

Welcome to the start of a new era for Flexiform, A lot has been happening here over the last few months and we hope that you don't mind us dropping you a quick email to let you know what we've been up to. As you may have noticed we have a new look... We thought a spruce up of our image wouldn't go a miss to coincide with our new website and brand new range of products.

### Flexiform have been re-awarded their OGC contract

Flexiform are pleased to announce that we have once again been successful in securing a place on the OGC Buying Solutions office furniture framework agreement. The OGC provide a professional procurement service to the public sector to enabling organisations and agencies to deliver improved value for money in their commercial activities and provide professional support when it matters, advising on technical issues, energy saving and environmental improvements.

We have been included on the agreement for the last 12 years alongside 12 other furniture manufacturers, this year we were asked to re-apply for registration with the OGC and although the amount of furniture suppliers has been reduced to 6 we were re-awarded the contract until 2012. The OGC award our contract on a number of areas - value for money being the key area, but also on areas such as sustainability, health and safety, quality assurance and equality within the workplace.

The OGC buying solutions office furniture framework is there for the use of any public sector body looking to purchase a wide range of products and services. It also means that you do not need to go to the extra effort of putting a European Tender in process to procure large volumes of furniture.

This can save tens of thousands of pounds. Using the framework ensures that you are processing products that have been accredited and approved via a stringent accreditation process.

Flexiform have various ranges of desking and storage to offer as part of the contract but we acknowledge that we can't be experts in all areas of the office interior, this is why we have registered some of our favourite suppliers alongside Flexiform as partners in great office solutions - Orangebox, Kusch+Co, Colebrook Bosson Saunders, Boss Design, Komac and Pledge. These companies are all qualified as OGC suppliers through the Flexiform framework agreement.

### Flexiform.co.uk takes a fresh breath

It has been a few months in the making - but the brand new Flexiform.co.uk is a week or so away from completion. The old Flexiform website had become tired and was really no help to you whatsoever. We have a new photo studio up in our Bradford HQ and have put together some great shots for you all to use in presentations and plans.

The new Flexiform website will be easy to navigate and all of the different areas of the site easily distinguishable and broken down into Desking, Storage, Seating and Filing. All of our new ranges will be available to view including the Prima desking range, the new Midea storage range, the Hybrid range and of course the classic Jot Design leg frame.

We want the new Flexiform website to give you everything you need and make your lives simpler but at the same time if you need something that isn't on our site don't hesitate to contact me at the email address below and we will endeavour to act on your request within a few hours.

As Flexiform's image develops so will the website and the services it offers, please email us your thoughts and suggestions when we go live.

All the best....

Flexiform

forward
