
FERRO

MANUFACTURED IN YORKSHIRE

SPECIFICATION GUIDE

ferro industrial range

Utilising the raw aesthetic detail of the materials, Ferro emphasises natural textures and the beauty of the manufacturing process to create visually striking furniture. According to Engineering Manager Chris Raby: "Ferro is a homage to our manufacturing heritage", showcasing over 40 years of designing and manufacturing high quality, highly finished office furniture. "Ferro is about expressing the materials and construction methods," Chris explains. "By leaving the materials raw, with exposed welding and a clear lacquered finish, we have given Ferro an organic, natural feel".

Featuring a premium high-pressure laminate finish option, Ferro worktops have a natural, textured feel that runs throughout the collection. With clear lacquer finishes emphasising raw construction, every Ferro product is unique, exhibiting both the natural texture of the materials, and expert craftsmanship put into creating each piece. Ferro is a truly unique range from Flexiform.

desks

Ferro desks consist of single, side-to-side and back-to-back desks. Sliding tops allow for access to the comprehensive cable management system. If a screen is desired with this range please see our Fyn specification guides.

storage

Our Ferro storage range has an extensive selection of personal storage, side filers, hinged doors and lockers. All storage doors are finished in our standard clear lacquer. By the nature of this product, each door and panel are unique. A full range of storage components are available.

bench tables

Our benches are suitable for breakout areas and flexible working and are available in dining height and poseur height and have a 50mm high pressure laminate top.

meeting tables

Our meeting tables and boardroom tables are available from 4000mm x 1200mm wide with rectangular, circular or barrel shaped tops. These can also be complemented with our matching coffee table with rectangular loop legs to create a distinctive look to an office space.

To calculate correct cable management basket or tray for tables, use the size of MFC top and deduct 400mm off the width size. This will ensure the tray/basket sits inside the frame. If the MFC top comes in 2 parts, half the width to get the individual top size, then deduct 400mm.

Wire Basket.

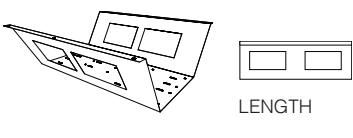

Includes fixing brackets and screws.

specifying products

The Ferro range is constructed from steel and are finished in a clear coat varnish (code CCG). A variety of MFC and high pressure laminate finishes are available alongside our premium high pressure laminate finishes shown throughout the specification guide. Where a '****' appears in the product code, one of the appropriate finish codes must be used.

25MM STANDARD FINISHES

MFC: White (WHM), Oak (MOK), Beech (MOB), Grey (MOG), Walnut (MOW), Romano Cherry (RCM) and Maple (MOM).
Laminate: Nebraska Oak (NEB) and Jackson Pine (JAC).

50MM LAMINATE FINISHES

On the benching range our standard 50mm high pressure laminate finishes are Tobacco Aida Walnut (L01), White (L02), Light Ferrara Oak (L03), Romano Cherry (L04), Ellmau Beech (L05), Light Grey (L06), Maple (L07).
Premium Finishes: Nebraska Oak (L11), Jackson Pine (L12) and Light Concrete (L13).

These colour swatches are indicative only, for an accurate sample contact us on 01274 706206

contacts
