

actualize task chair datasheet

Extent of Range

Actualize task chair range with mesh or upholstered back.

Delivery

This range is delivered pre-assembled by the Flexiform installation team, wrapped for protection.

Product Warranty

10 years subject to our standard T&C's. See the Flexiform Standard Warranty document for more information.

Features

Type: Operator/ Task Chair

Frame: Moulded polypropylene frame in black as standard. White frame available with aluminium base as standard.

Fabric: Supportive fabric back and seat. The back and seat can be specified in different colours and materials from the same fabric band group.

Arms: No arms, 2D polypropylene arms with up/down adjustment or 4D arms (up/down adjustment with 180 degrees rotation and arm rests adjust forwards/backwards).

Black finish only.

Seat: Waterfall seat design.

Optional Seat Slide: 50mm of adjustment.

Base: 5-star nylon base with 65mm non locking hard castors for carpeted surfaces. Soft castors available on request. Polished aluminium base available.

Mechanisms: Actualize task chair is provided with a synchro-tilt mechanism, this allows simple locking and unlocking of the mechanism to allow the user free movement throughout the day.

Optional Headrest: Height adjustable and rotating upholstered headrest. Headrest upholstery matches the back fabric finish as standard.

Weight Limit: 150kg

Product Environmental Certification

Environmental Manufacturing

Mixture of virgin and recycled materials. Please see materials section for full breakdown of recyclability per component.
