# freestor side filer storage
datasheet & environmental report

Extent of Range
Freestor Side Filer storage is available in 800mm and 1000mm wide. 2, 3 and 4 drawer side filers.

Delivery
This range is delivered pre-assembled by the Flexiform installation team, wrapped for protection.

Product Warranty
15 years subject to our standard T&C's. See the Flexiform Standard Warranty document for more information

Product Certificate
BS EN 14073-2:2004, BS EN 14073-3:2004, BS EN14074:2004.

Features
Type: Drawer storage
Carcass: 4 stage treatment process steel. Fully welded for exceptional rigidity and stiffness. Side panels are non load bearing and are fixed to top, back and base.
Drawers: 18 gauge steel with smooth goose neck handles for easy operation. Full extension runners providing a 90% opening. Lockable. 45kg loading.
Levelling: Floor levelling feet supplied.
Handles: Full width recessed handle for easy opening and closing for all users with 2 point locking system.
Components: Two components available to allow front to back or side to side filing to maximise efficiency.
Safety: A counterbalance weight is required for all side filers.

Components
Side to side filing rail and front to back filing rail. Dividers are also available.

Dimensions
Heights: 1322mm and 1017mm.
Heights (with MFC top): 720mm and 740mm.
Widths: 800mm and 1000mm.
Depth: 475mm.

Materials
MFC Top Panels: 25mm melamine faced chipboard (M.F.C) with 2mm ABS matching edging or contrasting edging. British standard 476 class 1 surface spread of flame. Meets E1 European standards on Formladehyde emissions.

Steel: Powder coated steel with minimum paint coverage thickness of 35 Microns. Indentation, cross cut+adhesion and bend tested.
