LUCIE CARR, SPACE PLANNER

“Comfort is key to
productivity”

comfort & design sitting together

Our seating ranges are designed by ergonomic gurus with many years experience creating chairs to maximise comfort.

From task seating with modern meeting chairs, to seminar chairs designed for learning spaces, we have created a range of modern chairs for the workplace. With precision manufacturing and sustainably sourced materials.

actualize

actualize

The Actualize Task Chair is ergonomically designed to support your staff and encourage movement throughout the day. Fitted with body balance mechanism (also known as a 'synchro mechanism with an auto tension device'), the operators chair can be used in 'free-float' mode, automatically adjusting to the users weight to ensure that they are supported at all times. This automatic adjustment is ideal for flexible and agile working environments where users aren't assigned fixed workspaces, allowing staff to hop between workspaces with minimal set-up.

To further enhance comfort, the Actualize chair features a tilt lock mechanism to secure the back in a number of positions, an optional 50mm seat slide mechanism, and 100mm adjustable lumbar support*. A choice of no arm, 2D arms and 4D arms and the option of an upholstered headrests allow you further tailor Actualize to the user.

jot-up

The Jot-Up height adjustable stool is a perfect accompaniment to Flexiform's Jot-Up Meet height sit/stand desk. Together they offer a fully flexible collaboration and meeting area designed to offer comfort to every team member whether they want to sit, stand or perch.

Designed to be fully flexible, the adjustable stool features a 360° rotation seat and +/- 20° rocking base, moving with the user and encouraging them to be active. This flexibility is great for collaboration areas where staff need to move around the group, get up to present or pop ideas on the mind map.

jot-upstool

Jot-Up sit/standing stool is designed to suit our Jot-Up Meet height adjustable table, offering staff a chance to sit, stand or perch during collaborative meetings.

FEATURES & BENEFITS

- Height-adjustable stool, ideal for our Jot-Up Meet sit/stand desk and collaboration areas.
- Injected polyurethane foam seat pad for comfort.
- Intuitive design with simple height-adjustable button.
- Finishes available in red, black or white.
- Non-slip rubber and anti-squeal base.
- Rocks +/- 20 degrees to encourage movement, keeping staff active.
- 360 degrees seat rotation.
- Height range of 530mm - 760mm.

made in the uk

Our seating ranges are made in our specialist seating department in our Bradford Headquarters manufacturing facility. Built from sustainable sourced materials and designed by leading seating specialists, each chair has been ergonomically designed to maximise comfort and rigorously tested to ensure quality and longevity.

Our dedicated chair department has many years of experience creating outstanding chairs for offices and education environments across the UK. With high quality materials, contemporary design and attention to detail, our seating ranges are of the highest quality.

Fabric Selection

Our seating is available in a wide selection of fabrics from leading manufacturers including Camira, Crest Leather, Gabriel, Kvadrat, Bute and more. Our seating can be specified in a single fabric or two toned in various combinations; inside/outside or back/front, giving endless choice to suit all workspaces.

Warranties

All of our seating is available with a 10 year warranty, and has been fully tested to the relevant British Standards to ensure quality.

Environmental

All our wood is FSC® sustainably sourced to minimise environmental impact. Plastic seating are manufactured from a blend of recycled materials at a minimum quantity of 30% (certificate number 030/2019). Any rejected polypropylene production waste is 100% recycled. We have also opted for trivalent chromium plastic to provide added protection, extending the product life cycle. We are committed to reducing our environmental impact while bringing quality products which last.
