Tip

When specifying a cut out MFC top, the order of the cut out dimensions placed within the code changes the orientation of the cut out. For example, a ATOP1408R132X299WHM would get a different cut out to a ATOP1408R299X132WHM. The first measurement in the code is the side of the cut out parallel to the width of the desk.

/cable management

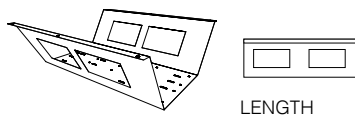

To calculate correct cable management basket or tray for tables, use the size of MFC top and deduct 400mm off the width size. This will ensure the tray/basket sits inside the frame. If the MFC top comes in 2 parts, half the width to get the individual top size, then deduct 400mm.

If users are sat at shortest ends of the table, you should further reduce the length of the cable tray by 400mm to allow for knees. See diagram below.

HOW TO SPECIFY PARQ

CODE
(E.G: 'PARQ2008T')

STEEL COLOUR
(E.G: 'JWS')

TOP COLOUR
(E.G: 'L03')

For example, to specify a 50mm laminate premium white and black frame parq table and two benches the codes would be PARQ2008TBLSL02 (x1), PARQ2003BBLSL02 (x2). When ordering a bench consider attachable seat pads. Parq seat pads are available in various materials, for the full range please see the seat pad section.

office desks & screens

There are 3 homeworker desk options that can be sent directly to individual staff members at home. These include;

Picola (pictured above)

The Picola Homeworker desk is based on our most popular office desking range “Pico”. This home office desk can be constructed in minutes with minimal tools (Allen key provided). Finish all in white.

Folding Homeworker Desk

This high-quality desk requires no self-assembly or DIY knowledge (no need for tools and complicated instructions to follow), just fold-up and go! The metal framework, 18mm polished profile edge, and high-pressure laminate top is hard-wearing and designed to last, ideal for family life.

Wooden Folding Homeworker Desk

This high-quality home office desk requires no self-assembly – so no need for tools and complicated instructions to follow! Taking just a few seconds to get it ready for use thanks to the clever fold-up design. Once the working day is over or you need space back, simply fold down the table and stow it away. Add in an optional chair, monitor stand and laptop stand for the perfect home working setup.

HOW TO SPECIFY PICO DESKING

CODE
(E.G: 'PSTDESK1416' shown above)

FRAME COLOUR
(E.G: 'JWS')

MFC FINISH
(E.G: 'WHO')

For example, to specify a single 1400mm (w) x 800mm (d) x 740mm (h) sliding top desk with a modesty panel. White MFC top with oak edging and white goalpost frame the code would be PSTDESK1416JWSWHO. When ordering a desk consider additional elements such as a screen, screen accessories and cable management.

freestor side filer storage

HOW TO SPECIFY A FREESTOR SIDE FILER CABINET

For example, to specify an all white 1000mm (w) x 475mm (d) x 1017mm (h) side filer storage, the code would be FSL101710JWS11JWS. When ordering a side filer storage consider components. All internal drawers are black inside. It is compulsory that a counterbalance weight is ordered when more than one pull out drawer is fitted.

IMPORTANT NOTE: Side Filer Storage is all steel with a MFC top as an option. If a steel top is required select the desired steel colour in the *** section labelled 'Top Colour'. If an MFC top is required select a MFC colour. MFC tops incur an additional cost.

freestor accent lockers

HOW TO SPECIFY A FREESTOR ACCENT LOCKER

For example, to specify an 8 door locker with bottom drawers, post slots, soft close hinges and cam lock with silver plate. Locker: 800mm (w) x 475mm (d) x 1742mm (h), the code would be LKR4CDEHPGSPGS. This range is designed to provide a flexible way of specifying lockers exactly how you want them. If no additional elements are required, move on to the next option. For example, if no labels are required, do not enter 'A' or 'B'; and move on to option 'C'. All interior shelves, trays, number plates are ordered separately. Some locks may need additional items such as cards and software.

If an MFC top is specified on units 1-6, add 10mm to the overall height.

IMPORTANT NOTE: Locker Storage is all steel and can come with a MFC top. If a steel top is required select the desired steel colour in the *** section labeled 'Top Colour'. If an MFC top is required select a MFC colour. MFC tops incur an additional cost.

HOW TO SPECIFY FLEXILINK

CODE
(For example: 'FL2140ENDPLAIN')

COLOUR
(For example: 'JWM')

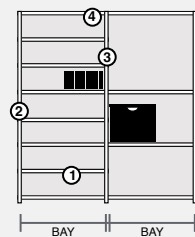

For example, to specify an all white, 2 bay 2075mm wide x 350mm deep x 2175mm high single sided Flexilink unit, you would order: 2x FL2110SOLIDBACKJWM, 2x FL2135ENDPLAINJWM, 1x FL2135MIDPLAINJWM and a minimum of 1 pack of FLPS1035JWM04 (3 packs recommended. 12 shelves in total)

Notes

- Flexilink cannot be used as a single unit, and must have a minimum of 2 bays.
- Ensure all single sided depths under 500mm are secured to a wall using Flexilink wall brackets.
- Shelves and back panels must be used to support the unit, however if two units are back-to-back only one back panel is used.
- Linking brackets are required for back to back units for health and safety reasons.
- When calculating floor space use the width of the shelves selected and add 25mm for every end or mid panel used.

2. End panel, 2 needed per single sided unit. 4 per double sided unit.
3. Mid panels, as many as desired to create a bay
4. Shelves (pack of 4)

flexilink

/back panels

Step 1. Order back panels.

- You must order 1 back panel per unit bay unless specifying back to back shelving. Back to back shelving unit bays share a back panel.
- All back panels must be the same height.

- Different widths can be ordered (but remember the different widths when it comes to ordering the shelves!).

HOW TO SPECIFY FLORA & FAUNA

For example, to specify a Fauna exterior slatted planter, 900mm wide x 350mm x 700mm to sit at the end of a back-to-back desk, in black (as above), the code would be PLANTEXT090007S BPQ.

Excludes compost, plants and horticultural advice. Counterbalance tray recommended to add a counterbalance weight. Please note, we do not recommend the Fauna slatted planters in light colour schemes due to the nature of the construction.
