unique configurations

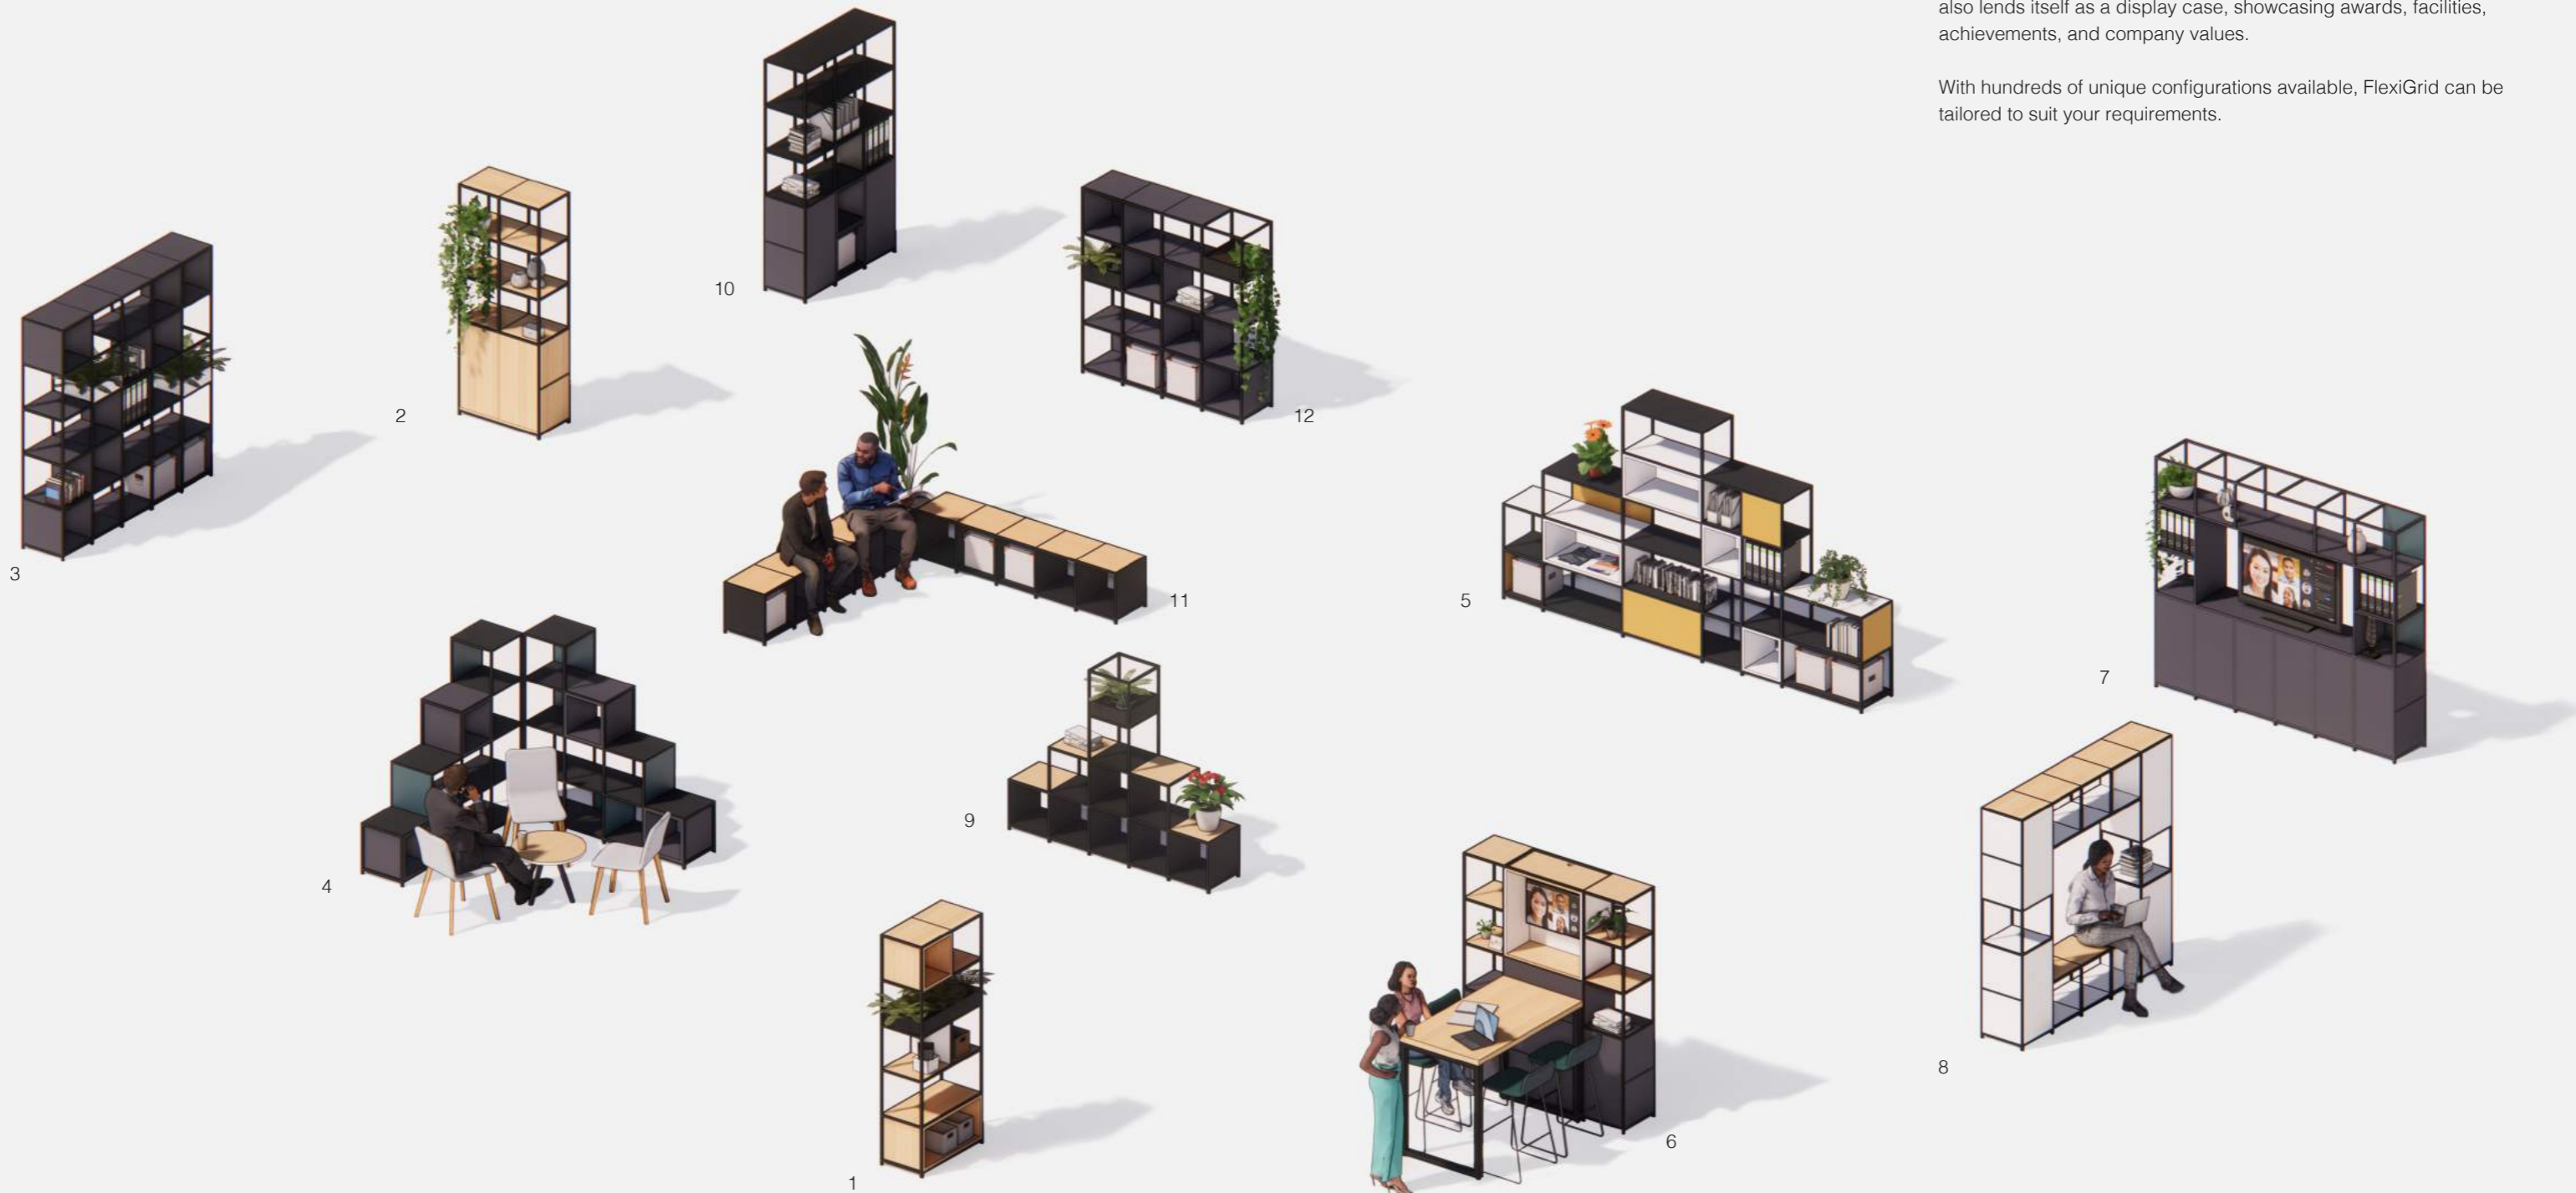

Get creative with our grid shelving system, and design unique configurations for any part of your workplace from decorative reception shelving to agile workspaces with TV surround and integral desks and tables.

The steel shelving system is available in 12 preset configurations and unlimited bespoke options with a choice of open grids, shelving, planters, cubbies, enclosed cupboards, TV surrounds, and integral desking and/ or tables. FlexiGrid is designed to divide up workspaces and provide a stylish storage solution.

where to use your flexigrid

FlexiGrid is a great addition to smart working offices, dividing teams and areas quickly and easily, whilst providing a great-looking, functional storage system. The multi-purpose grid system will help to create pockets of meeting spaces and relaxation areas, or, break up open-plan workspaces. The stylish grid-based design also lends itself as a display case, showcasing awards, facilities, achievements, and company values.

With hundreds of unique configurations available, FlexiGrid can be tailored to suit your requirements.

flexigrid

FlexiGrid is a bespoke open-grid shelving unit designed to create an impact from both sides and is available in almost unlimited configurations.
